Helping you to consolidate debts onto your mortgage or using a secured loan.

Helping you to consolidate debts onto your mortgage or using a secured loan. We can help whether you are self employed, employed, company director or CIS scheme workers. We can help you whether you have good or bad credit. Defaults, CCJ, IVA, debt management plans or missed mortgage payments are all accepted. Many people find it difficult to get debt consolidation mortgages as the mortgage lenders changing criteria and the reluctance of the high street lenders to help customers results in difficulty for the customer. We have lenders that will allow you to debt consolidate up to 90% LTV and lenders that do no credit score. As we have an excellent working relationship with high street lenders as well as the smaller lenders we are normally able to service the needs of our customers and secure you the debt consolidation loan or mortgage you require.

Having successfully placed 1000s of mortgages for debt consolidation we have experience of presenting the required information to lenders clearly and accurately to simplify the process and ensure you secure the required mortgage or loan amount. As a specialist adviser we understand the lenders criteria and how they need the information presented.

Equity release reduces your estate's value and may affect any means-tested benefits you're eligible for. A lifetime mortgage, which is a loan secured against your home, is the most popular form of equity release and you will still own your home. Think carefully before releasing equity and make sure it's right for you.
